

Bookstore Buyback Policy

While buyback is a service offered year-round in the bookstore, the best time to use this service is during finals week and the week after finals. During this period we can offer up to 50% of the original selling price of the textbook providing 1) the textbook is going to be used the following semester and 2) the textbook is in good condition. *Damaged books, books missing pages, books with CDs or access code, lab manuals and/or workbooks are not eligible for buyback.* Textbooks not being used the following semester will be offered a market value price based on the current national demand. **Buyback is a service offered only to Southern Union students; therefore, a valid Student ID is required.**

NOTE: Selling stolen books to Southern Union Bookstores is a crime under Alabama and Federal laws. Any student caught selling stolen books may be prosecuted by Barnes & Noble. In addition, the student may be faced with suspension or expulsion from Southern Union State Community College.
