

Residential Life

The College's residence hall is located on the Wadley campus. Applications for housing may be obtained from the Student Services office on each campus or online at www.suscc.edu.

Residential living at Southern Union State Community College is a unique experience for many students and can prove to be a most enjoyable educational experience. Rules are inherent in a community living situation. The College has established rules and regulations to provide guidelines essential for maintaining personal freedom, academic achievement and residential harmony. By selecting Southern Union, a student agrees to abide by the standards and regulations of the college. It is the student's obligation to become familiar with the residential policies. If a resident has any questions, concerns, comments or recommendations they should contact the Residential Hall Council and/or the Residence Hall Associates. Residential life policies are subject to changes by the College's administration.

The College completes an annual Fire Disclosure Report. This report is available from the Associate Dean of Students, Chief of Campus Police, Residence Hall Associates, and the College website at www.suscc.edu.
